SOFTWARE DEVELOPER

A recent Information Technology graduate with specialization in web development. A passion for problem-solving drives my ambition to contribute innovative solutions to complex technical challenges. Looking forward to apply my skills in a collaborative environment where I can continue to expand my knowledge and expertise.

EXPERIENCE

Nexxus Lab   **March 2023 - May 2023**
Backend Developer Intern

- Worked on 11 different projects for both mobile and web platforms
- Collaborated with the development team to understand project requirements and translate them into a scalable and efficient system design
- Participated in discussions and contribute ideas for improving system performance, security, and scalability
- Researched and evaluated new technologies, frameworks, and tools for development
- Helped in creating project timelines, milestones, and deliverable schedules

De La Salle University - Dasmariñas   **2019 - 2021**
Student Assistant

- Provided general administrative support, such as maintaining filing systems and retrieving data and files
